

Dear Madam / Dear Sir,

Protection of your personal data rights is an important aspect for Antibiotice S.A. For this reason, we inform you that, as a result of your efforts to participate as a volunteer in the bioequivalence studies, your personal data transmitted will be processed exclusively within the Antibiotice company and strictly in order to determine your eligibility as a volunteer (if you meet the medical requirements regarding your health status). In the event that you are not eligible or choose not to participate as a volunteer before signing the "Informed Consent Form" all the data transmitted at the Antibiotice headquarters will be deleted.

If you don't provide us with your personal data, your registration as a volunteer to participate in bioequivalence studies will not be possible.

We also inform you that you have the following rights with respect to the personal data you provide us:

- the right to access your personal data we process;
- the right to have your personal data deleted (within the limits provided by law);
- the right to have your personal data rectified;
- the right to restrict the processing of your personal data;
- the right to data portability, if technical conditions allow us;
- **the right to oppose the processing of personal data. In this case, Antibiotice will no longer process the data unless it has legitimate and compelling reasons that justify the processing, prevailing over the interests, rights and freedoms that would be affected by the Antibiotice's failure to fulfill this right or for the purpose of establishing, exercising or defending a right in court.**
- the right to lodge a complaint with the National Supervisory Authority for Personal Data Processing.

For exercising your rights or discussing other topics you may be interested in, please contact our personal data protection officer to the e-mail address dpo@antibiotice.ro.

Thank you!

Antibiotice team
