Product Portfolio

Top manufacturer for
Penicillin Sterile powders for injection

Worldwide leader
for **Nystatin API**

State-of-the-Art
facility for
Topical products

Certified CRO
(Contract Research Organization)

Antibiotice, an international company

- Company with a long tradition in manufacturing finished dosage forms: sterile powders for injections, capsules, tablets, ointments, gels, creams, suppositories, pessaries.
- Complex portfolio for **Hospital & Partners** consisting of more than 30 products for Hospital use: penicillin, penicillin in combination with beta-lactams inhibitors, cephalosporins and carbapenems; updated dossiers for beta-lactam products.
- Worldwide Leading Manufacturer of **Nystatin API**, vertically integrating several finished dosage forms using Nystatin.
- Developed a various portfolio of products intended to improve the **Quality of Life** such as food supplements, dermato-cosmetics, women's health products and medicines designed for the health of cardiovascular, osteo-articular and digestive systems.
- Upcoming launches of creams, ointments and pessaries supported by clinical studies, focused on **Dermatology** and **Women's Health**.
- Internationally acknowledged certifications and approvals:
 - US-FDA approval for Nystatin and sterile powders for injection;
 - Certificate of Suitability to the European Pharmacopoeia (CoS) for Nystatin;
 - Good Manufacturing Practice (GMP) certificate for all manufacturing sites;
 - Good Laboratory Practice (GLP) for Bioanalytical Laboratories from Clinical Trials Center;
 - Integrated Management System (ISO 9001, ISO 14001, ISO 45001)
- In-house Clinical Trials Center – a full-service Contract Research Organisation (CRO) authorised by the National Agency for Medicines and Medical Devices of Romania, specialized in Phase I Clinical Trials and Bioequivalence (BE) studies.
- 4 Representative Offices in Vietnam (Hanoi), Ukraine (Kiev), Serbia (Novi Sad) and Moldova (Chisinau).
- +60 Products registered in different international markets.

European Top Manufacturer for Penicillin Sterile Powders for Injection

- Ampicillin and Sulbactam
- Amoxicillin and Clavulanic Acid
- Ampicillin Sodium
- Nafcillin Sodium
- Flucloxacillin Sodium
- Piperacillin and Tazobactam
- Benzylpenicillin
- Benzathine Benzylpenicillin

New State-of-the-Art Manufacturing Facility for Topical Products

More than 65 years of Experience
in Manufacturing Topical Products

Dedicated Manufacturing Lines:

- 2 lines for ointments, creams and gels
- 2 lines for suppositories and pessaries

SUSTAINABLE
DEVELOPMENT GOALS

> 4 dedicated manufacturing lines:

- **2 manufacturing lines for ointments, creams, gels and cutaneous pastes**

Aluminum tubes, $\varnothing$ 13–35 mm; fill volume: from 6 to 150 g of product;

Plastic/laminated tubes, $\varnothing$ 25–35 mm; fill volume: from 100 to 150 g of product;
with the possibility of expansion to smaller weights.

- **2 manufacturing lines for suppositories and pessaries**

Suppositories, fill volume: from 1 to 2.3 g, using PVC/PE and Alu/PE foil as primary packaging;

Pessaries, fill volume: from 2.5 to 2.8 g, using PVC/PE foil as primary packaging

> 550 Tons – Yearly production capacity

- energetic efficiency- System BMS/EMS
(Building Management System/Environment Monitoring System)
- flexibility in operation
- optimization of energy consumption
- state-of-the-art-technology
- real-time proces control
- product quality safety
- multiple monitoring parameters

> Worldwide presence through our partnerships, conducting successful audits and cooperations with International Authorities.

> Product development in our Research & Development Center with the possibility to manufacture in our new state-of-the-art facility.

D - Dermatologicals

No	Name of the product	Rx/OTC	Pharmaceutical form	Active substance	Packaging	File status
D01 – Antifungals for dermatological use						
1	CLOTRIMAZOLE Atb® 10 mg/g	OTC	cream	clotrimazole	Box x 1 tube x 15 g Box x 1 tube x 35 g	EU eCTD Q3 2023
D07 – Corticosteroids, dermatological preparations						
1	EKARZIN® 0.5 mg/g	Rx	cream	betamethasone dipropionate	Box x 1 tube x 15 g	*
2	CLO-EKARZIN® 0.50 mg/10 mg/g	Rx	cream	clotrimazole + betamethasone dipropionate	Box x 1 tube x 15 g	*
3	CLOBETASOL Atb® 0.50 mg/g	Rx	cream	clobetasol propionate	Box x 1 tube x 25 g	EU eCTD Q4 2024
4	CLOBETASOL Atb® 0.50 mg/g	Rx	ointment	clobetasol propionate	Box x 1 tube x 25 g	EU eCTD Q3 2024
5	FLUOCINOLONE N Atb® 0.25 mg/5 mg/g	Rx	ointment	fluocinolone acetonide + neomycin sulfate	Box x 1 tube x 18 g	*
6	MOMETASONE Atb® 1 mg/g	Rx	cream	mometasone furoate	Box x 1 tube x 15 g	EU eCTD Q3 2024
7	MOMETASONE Atb® 1 mg/g	Rx	ointment	mometasone furoate	Box x 1 tube x 15 g	EU eCTD Q3 2024
8	NIDOFLOR®	Rx	cream	nystatin + neomycin sulfate + triamcinolone acetonide	Box x 1 tube x 15 g	*
9	SAL-EKARZIN® 0.50 mg/30 mg/g	Rx	ointment	betamethasone dipropionate + salicylic acid	Box x 1 tube x 15 g	*

M – Musculo-skeletal system

No	Name of the product	Rx/OTC	Pharmaceutical form	Active substance	Packaging	File status
M01A – Antiinflammatory and antirheumatic products, non-steroids						
1	ACECLOFEN®	Rx	suppositories	paracetamol + diclofenac sodium	Box x 6 suppositories Box x 12 suppositories	EU eCTD
2	CLAFEN® 100 mg	Rx	suppositories	diclofenac sodium	Box x 6 suppositories Box x 12 suppositories	**
M02 – Topical products for joint and muscular pain						
1	CLAFEN® 10 mg/g	OTC	gel	diclofenac sodium	Box x 1 tube x 40 g Box x 1 tube x 100 g	**
2	CLAFEN® 50 mg/g	OTC	gel	diclofenac sodium	Box x 1 tube x 25 g Box x 1 tube x 45 g Box x 1 tube x 100 g	**
3	DICLOFENAC DIETHYLAMINE 11.6 mg/g	OTC	gel	diclofenac diethylamine	Box x 1 tube x 40 g	**

No	Name of the product	Rx/OTC	Pharmaceutical form	Active substance	Packaging	File status
N01 – Anesthetics, local						
1	PRILOCAINE/LIDOCAINE 25 mg/25 mg/g	Rx	cream	prilocaine, lidocaine hydrochloride	Box x 1 tube x 5 g Box x 1 tube x 30 g	Q1 2025
D06 – Dermatologicals, antibiotics for topical use						
2	NEOMICINE/ZINC BACITRACINE 5000 IU/250 IU/g	OTC	ointment	neomycin sulfate + bacitracin zinc	Box x 1 tube x 20 g	Q4 2022 Bibliographical application

G - Genito-urinary system and sex hormones

No	Name of the product	Rx/OTC	Pharmaceutical form	Active substance	Packaging	File status
N01 - Anesthetics, local						
1	ZIFEX TRIO	Rx	pessaries	metronidazole, nystatin, neomycin sulfate	Box x 7 pessaries Box x 14 pessaries	Q1 2024

M - Musculo-skeletal system

No	Name of the product	Rx/OTC	Pharmaceutical form	Active substance	Packaging	File status
M01 - Antiinflammatory and antirheumatic products						
1	NAPROXEN/ESOMEPRAZOLE 500 mg/20 mg	OTC	modified-release tablets	naproxen sodium, esomeprazole magnesium	Box x 10 tablets	Q1 2025

Worldwide Leading Manufacturer of **Nystatin API**

- Nystatin standard
- Nystatin micronized
- Nystatin compacted

Pharmaceutical Forms using Nystatin API:

-  oral suspensions
-  tablets, capsules
-  creams, ointments, topical powders
-  pessaries

Manufactured Since 1970

SUSTAINABLE DEVELOPMENT GOALS

- **Nystatin ATB contains a single polymorphic form, polymorph A.**
- **Polymorphic form A (dihydrate) is maintained after the Micronisation, which proves to be a repeatable, stable and reproducible process (stable crystal, which comes after Micronisation).**
- **Purity and polymorphic stability ensures a clear advantage in the formulation of finished products, regardless of their pharmaceutical form (tablets, topical products or suspensions).**

NYSTATIN MICRONIZED

Quality according current edition of the EP/USP Pharmacopoeia

- **PARTICLE SIZE** 90% of particles no more than 10 μm
100% of particles no more than 15 μm
- **PACKING** polyethylene bags inserted in triple layer PET/Al/PE bags
and placed in cardboard boxes
- **STORAGE** store below 25°C in original packaging, protected from light
- **SHELF LIFE** 36 months

NYSTATIN NON-MICRONIZED

Quality according current edition of the EP/USP Pharmacopoeia

- **PARTICLE SIZE** 90% of particles no more than 45 μm
- **PACKING** polyethylene bags inserted in triple layer PET/Al/PE bags
and placed in cardboard boxes
- **STORAGE** store below 25°C in original packaging, protected from light
- **SHELF LIFE** 36 months

Fully Integrated Certified Contract Research Organization

- Phase I/ Bioequivalence Studies
- The CTC features a fully integrated organization in one site and includes:

**20 years of experience
in Developing and
Conducting Clinical Trials**

**SUSTAINABLE
DEVELOPMENT GOALS**

The **Clinical Trials Center** (CTC) is a full service Contract Research Organization (CRO) authorized by the National Agency for Medicines and Medical Devices of Romania, which performs phase I clinical trials and bioequivalence (BE) studies.

For more than **20 years**, many generic pharmaceutical companies have registered their products all over the world using our expertise in conducting clinical studies on Antibiotice's site.

The **CTC** features a fully integrated organizational structure located on one site, consisting of:

- a GCP inspected Clinical Unit;
- a GLP certified Analytical Unit – state-of-the-art laboratory equipment and technologies;
- a GMP certified IMP secondary packaging line (for the packaging and labeling of investigational medicinal products).

Complete clinical services from protocol development to dossier application, in compliance with the latest international regulations

➤ Client-oriented CRO

- We offer facilities and services for conducting Phase I clinical trials and bioequivalence studies for many medicinal products covering a broad range of therapeutic areas
- We offer expert advice (scientific, regulatory) taking into account the current regulations for the biopharmaceutical industry and the requirements of regulatory agencies
- We provide innovative and high – quality services, with integrity and reliability
- We provide Quality Guarantee; our Internal Quality Assurance and Quality Control Units develop well-designed sets of Standard Operating Procedures (SOPs) and ensure that clinical trials are conducted according to the Harmonized European Legislation (ICH), Integrated Management System (ISO 9001, ISO 14001 ISO 45001), Good Clinical and Laboratory Practice guidelines and Helsinki Declaration

Services offered by Antibiotice's Clinical Trials Center

> Medical writing and Study Management

- Clinical Project management
- Protocol development
- Informed consent forms, including local language ICFs (prepared and reviewed by the relevant country)
- Clinical trial reports according to the ICH E3 and eCTD format
- Regulatory applications and submissions to the EC & regulatory authorities
- Archiving of essential trial documents and all the related data
- Safety reporting and other pharmacovigilance activities related to the clinical studies
- GCP monitoring and auditing

> Bioanalytical services:

- Development and validation of LC-MS/MS, LC-UV and LC fluorescence bioanalysis
- Quantification of multianalytes, metabolites, prodrugs, light and temperature – sensitive compounds in various biological matrixes
- Transfer and revalidation of Sponsor method
- GLP auditing and quality control

> Data Management & Biostatistics

- CRF design
- Database Design and Validation
- Medical Coding
- Data Entry
- Biostatistics
- PK; PK/PD analysis
